ENROLLMENT

CRITICAL CARE SYMPOSIUM

Current Trends in Critical Care

DESCRIPTION

The symposium presenters will discuss various aspects of care and treatment modalities for the critically ill patient, along with strategies to improve the work environment.

OBJECTIVES

Upon completion of the program, the successful participant will be able to:

- Discuss role of the critical care team members in the early detection and management of sepsis
- Describe signs and symptoms of heart failure and identify VAD surgery candidates
- Identify fluid and electrolyte concerns pertinent to the critical care patient
- Enumerate strategies to handle negativity and toxic people in the work place

CREDIT

This course is approved for:

- 6 hours continuing education BRN (#00489)
- 6 hours continuing education for LCSW PCE #1960)*

**Course meets the qualifications for 6 hours of continuing education credit for MFTs and/or LCSWs as required by the California Board of Behavioral Sciences.*
